I joined the first batch to study design in National Institute of Design, Vijayawada where I constantly and consciously built my zeal towards storytelling through illustrations, animation, graphic design and other media. I am a constant learner trying to explore and experiment new things as the days go by & find meaning in the things I do.

SKILLSET

EXPERIENCE

Netbramha Studios

Associate Lead Visual Designer

(Jan 20 - present)

- Started off as a motion designer creating a great amount of case study videos, showreels and microinteractions for client projects and internal marketing alike.
- Shifted my role as a UI Designer to work with some challenging projects for some interesting clients in the lines of Fintech, SaaS, Edtech, Information Tech etc.
- Over the span of 4 years, got upgraded to the role of a Senior UI Designer and consecutively an **Associate Lead Visual Designer** leading projects from the front and mentoring a team of over 6 designers.
- Worked on 12+ Products for the MSME team of HDFC Bank.

Studio ABD

Intern (Graduation Project)

(Jan - Jul 2019)

My graduation project revolved around making various digital content in the lines of Animation, film and interaction design, for a Recycling Plastics Museum - Reuseum.

Echostream

Communication Design Intern

(Jun - Jul 2018)

Worked on a range of merchandise designs for their in-house brand and was a part of the branding and logo design process for a North East based news media company.
